PART 1: PRODUCT DISCLOSURE STATEMENT

SECTION 1 - INTRODUCTION

This document is an important legal document. This information is provided to help you to make an informed choice about whether or not you wish to join the Mutual as a Member and how to purchase the Protection.

The Protection is a financial risk product offered by the Manager on behalf of the Mutual. It is provided by the Mutual on the terms contained in the PDS and Protection Wording (subject to the operation of the Constitution).

SECTION 2 - ABOUT MOTOR OWNERS MUTUAL

What is Motor Owners Mutual?

Motor Owners Mutual is a company limited by guarantee which was formed to meet the needs of motor vehicle owners. Using a company structure, those motor vehicle owners will become Members of the Mutual with the rights and entitlements contained in the Mutual's Constitution.

We provide the Protection referred to in the PDS. The Protection is a financial product regulated under the *Corporations Act 2001* (Cth) by ASIC and provided as an alternative to insurance – it is a financial risk product offered as “discretionary risk protection”. We provide the Protection solely to our Members – therefore, only Members can make a claim.

As a discretionary mutual, we can use the combined purchasing power of our Members to spread the cost of risk and to provide additional coverage within the discretionary risk protection and other benefits.

How does it work?

We offer our Members the opportunity to access the Protection (and other benefits) we provide by paying a Contribution to the Mutual. The amount of Contribution Members pay will depend on the product being purchased, the term of any finance to fund the vehicle and the intended period of ownership of the vehicle. In some cases, there may be an opportunity for Members to purchase the Protection for a number of years or elect to purchase and renew their Protection on an annual basis. A pay-by-the-month option may also be available.

We then use the combined resources of each Member's Contributions pooled together to fund the Protection and associated management costs. Each Member will pay a Contribution for their Protection effectively funding the payment of claims by the Mutual.

We also purchase insurance to prudently manage those financial exposures.

Who manages the Motor Owners Mutual?

The Board of Motor Owners Mutual has appointed the Manager to manage the Mutual and oversee the provision of financial services. The Manager will offer Membership and the Protection, handle Membership enquiries, claims and other professional services. The Manager is your first point of contact for any enquiries about Membership and the Protection. Their contact details are at the front of this document.

The Manager holds an AFSL (number 514449) and has appointed your motor dealer or finance broker as its authorised representatives to arrange the Protection. More details about the services they provide on our behalf is in the Financial Services Guide.

How is the Mutual managed?

The Board manages the Mutual with the assistance of the Manager, which acts as a financial services and claims service provider and membership administrator. The Manager and/or your motor dealer or finance broker will make offers of Membership to the people to whom they sell or finance a motor vehicle and will make offers of the Protection to the Members.

The Board must abide by the Constitution, which sets out the objectives of the Mutual, its powers as a company limited by guarantee, the rules governing its operations, the eligibility criteria of Members, the election of Directors and the conduct of Members' and Directors' meetings. It also contains the power to exercise discretion in response to a Member's claim for the Protection.

Each Member is entitled to one vote at any general meeting of Members of the Mutual, regardless of the financial commitment made to the Mutual.

Details of the financial services that are provided by the Manager are set out in the Financial Services Guide in Part 3 of this document.

SECTION 3 – MEMBERSHIP

What are the benefits of Membership?

Members of the Mutual have the right to have a claim considered by the Board and the Board will consider a Member's claim for the Protection in accordance with the Protection Wording, the Constitution and the Guidelines set by the Board. The Mutual will always be the party paying your accepted claim.

The Board sets guidelines to ensure it operates fairly and consistently and in the interests of the Members. The Board also considers the terms of this PDS and the Protection Wording when determining claims for the Protection.

Members' rights are contained in the Constitution. It describes the Board's powers when considering claims made by Members who have acquired the Protection. Ask your motor dealer/broker or contact us Membership Services for a copy.

Who can join the Mutual?

The Manager and the Board decide who to admit to Membership. Membership is available on application by motor vehicle owners. You will be offered Membership when you purchase a motor vehicle through a participating motor dealership or finance broking business.

If you decide to proceed, you will be offered Membership and Protection. As part of that process, you will be asked to complete an application form in respect of the Protection benefits you wish to purchase. Once this has been submitted, you will be provided with a Membership and Protection Schedule. You will also be given access to your own Member Portal, which will contain details about the financial risk products you have purchased from us, any special offers available to our Members and be one of the means by which we will communicate with you.

You may be invited to renew your Protection at expiry.

SECTION 4 – DISCRETIONARY RISK PROTECTION

About Mechanic Protection Superior

The Protection is the financial risk product issued by the Mutual to assist you with the repair of a Component/Part of your Vehicle that suffers a Mechanical Breakdown.

The Protection also offers a number of additional benefits, such as reimbursement of reasonable and necessary costs incurred for towing, accommodation, car hire, ease of claim lodgement, quality guarantee and assessment and no limit on the number of claims.

Further information on the significant benefits you will be entitled to, any eligibility requirements, conditions, exclusions, waiting periods and claim limits that apply to the Protection are contained in the Protection Wording set out in Part 2 of this document.

Members of Motor Owners Mutual have the right to have a claim for Protection considered by the Board and the Board has the absolute discretion to accept or refuse a Member's claim for Protection.

Why does the Board have discretion to approve claims?

We refer to the benefits we offer as 'Protection' to highlight the fact that we offer an alternative to insurance. The Protection we offer is 'discretionary risk protection'. Discretionary protection is a financial product which is regulated by ASIC. ASIC supervises the Manager as the AFSL holder for the financial product issued by the Mutual under an authority granted by the Mutual.

Insurance is different to discretionary protection because an insurer must indemnify a policyholder if the claim comes within the policy terms and conditions. Discretionary protection involves the Board deciding whether to exercise its discretion to pay a claim based on its understanding of the Member's claim. Members are assured that the Board's discretion will be exercised fairly and consistently, and with all due consideration to the merits and circumstances of each claim. This is entrenched in the Mutual's Constitution and the guidelines adopted by the Board.

The Board sets guidelines to ensure that they exercise discretion in the interests of the Members, and they will consider whether a Member's claim falls within the Protection Wording contained in Part 2 of this document when deciding whether the Member qualifies for the payment of their claim.

The Board has representatives who consider the claim and make a recommendation as to whether it should be paid from the Mutual's financial resources. The Mutual also purchases an insurance program that it can claim on to support the financial resources available for the payment of claims. The powers to exercise discretion are contained in the Mutual's Constitution.

By offering Protection that is discretionary, we are able to offer our Members a more cost-effective financial risk product for management of the financial risks associated with financing the purchase of their motor vehicle without establishing an insurance company.

What are the significant risks?

The Protection is a financial product, and you should be aware of the following:

- **The Protection is not an insurance product.**

The Protection is a 'miscellaneous financial risk product'. This means that there is no automatic right of indemnity under the Protection's Protection Wording. Instead, there is an automatic right to have a claim considered and you may ask the Board to exercise their discretion to indemnify you for the loss. The payment of all claims is at the discretion of the Board.

The Protection provided by the Mutual is not insurance. This means the Mutual is not subject to the prudential standards set by APRA or the provisions of the *Insurance Act 1973* (Cth) and the Protection is not subject to the *Insurance Contracts Act 1984* (Cth). The insurance program that insures the Mutual for its liability to pay Protection claims is provided by an

APRA-regulated insurer. The Mutual can claim on that insurance program whilst the insurance remains current and when the Mutual's financial reserves for paying claims are exhausted.

- **Whether there is adequate funding of the Mutual**

If a large number of claims are made in any one year that exceeds the amount of Contributions made by Members and set aside to pay claims, there could be a risk that a Protection claim would not be paid.

To prevent this risk, we regularly take professional advice as to the adequacy of the Contributions to meet likely claims liabilities for all Members. In addition, we purchase an insurance program to meet claims that exceed the Mutual's self-retention limit. When the insurance program is structured in this way, we are fully funded for our claims liabilities so that Members are fully protected.

- **A Member could lose their entitlements if they are expelled by the Mutual Board**

The Mutual is operated for the benefit of all Members. The Board therefore reserves the right to expel Members or deny them access to the Protection in circumstances which are in the best interests of the Members as a whole, or where a Member breaches the rules of Membership. This includes where the Member has unpaid Contributions, or any other circumstances as set out in the Constitution.

SECTION 5 – FINANCIAL INFORMATION

What does the Protection cost?

Contributions are the amount you pay to us for each Protection Period whilst you require the Protection. This amount is payable upfront when you first purchase the Protection.

Your Contribution amount will be quoted as a dollar amount when discussing your requirements with your motor dealer or finance broker. This will also be confirmed in an email containing your PDS Quotation for the Protection products and benefits you have selected. If you decide to purchase the Protection, this amount will be shown as a dollar amount on your Protection Schedule.

Some of the key factors that may influence the way we calculate your Contribution include:

- The risk profile determined by the information you provide to us;
- The purchase price of your Vehicle; and
- Government taxes such as GST.

You can pay your Contribution by instalment payments to help spread your payment over time. Please refer to the 'Payment by Instalment' section of the Protection Wording for more information.

Are there any tax implications?

Your Contributions have preferential income tax treatment when paid into the Mutual. Contributions will be subject to GST.

There is no stamp duty or other insurance taxes (e.g. emergency services levy) payable on the Contributions.

The Mutual does not provide any advice on the individual tax treatment for Members of having Membership and the Protection or the tax treatment of any claims that are paid to Members. Members should seek their own tax advice.

What happens to any surplus?

At the end of the financial year, there may be a 'surplus' of funds held by us – this is the amount that we retain and have not paid out in claims to Members.

We may in our discretion apply a surplus from a previous financial year to assist in the capability of the Mutual to fund claim payments in future, reduce Contributions for Members, provide increased protection to Members, or for any other use approved by the Board on the grounds that it is considered beneficial to Members.

Unlike other public companies, Members are not entitled to receive surplus funds on voluntary winding up or after the closure of the Protection Period in order to preserve the tax treatment.

If the Mutual is wound up, the Mutual could use a surplus for the purposes of its objects including in any successor mutual or risk vehicle, to offer other products and services that benefit the Members or by transferring it to non-profit organisations which provide benefits to the Members.

Estimating future payments

On the advice of our professional consultants, we will calculate the total amount of Contributions reasonably required to ensure that we will have appropriate financial resources to discharge future liabilities and make future payments to Members who have purchased the Protection, based on actuarial advice.

We will manage these future liabilities and payments through our risk assessment process and the insurance policy we hold.

SECTION 6 - CLAIMS

How to claim

Claim notifications may be lodged in writing through your Member Portal or by calling the Manager on the telephone number set out at the front of this document. Refer to the Protection Wording for more details. You can also contact the Manager if you encounter any difficulties in lodging your claim online or have any questions.

When you make a claim

As a Member, you will have an automatic right to have your claim for Protection considered by the Board.

The Manager will support the Board to process claims and deal with recoveries. The Manager makes recommendations to the Board on whether or not to accept a claim and the amount to be paid. At our discretion, we may elect to take over the management or defence of any claim or recovery action on your behalf.

The Board's discretion to refuse or reduce a claim is absolute. The Board has the power to pay claims that do not fall within the Protection Wording. If the Board exercises its discretion not to pay the claim, or to pay only part of the claim, the Manager will advise you promptly.

SECTION 7 – COMPLAINTS

Complaints process

We are committed to providing a great range of products and services to our Members that provide value and benefit to them.

The Board sets guidelines to ensure they exercise discretion fairly and consistently and in the interests of all Members when considering the merits of a claim. The Board also considers the terms of the PDS when determining claims for the Protection.

Please talk to the Manager using the details set out at the front of this document if at any time we have not met your

expectations. Most times the Manager will be able to resolve your complaint quickly when you raise it with them. By contacting the Manager directly to resolve a complaint or dispute you may avoid unnecessary delays and costs.

If you wish to dispute the decision about a claim made by the Mutual, please contact the Manager in the first instance. You will be requested to supply a written submission and ask the Board to reconsider its decision.

If you have a complaint about any of the services provided by the Mutual, the Manager, or your motor dealer/finance broker in connection with the offer of Membership and/or the Protection, or any other person engaged by them, please contact the Manager using the details contained in this document.

External Dispute Resolution

If you are not satisfied with the decision or if your complaint remains unresolved after 30 days, you can refer the matter to the Australian Financial Complaints Authority (AFCA). AFCA is an independent body that provides its service free of charge. Membership of AFCA is held by the Manager, as the AFSL holder. The decision is not binding on you but is binding on the Manager.

AFCA is an external complaints resolution scheme approved by ASIC to provide free advice and assistance to consumers to help them resolve complaints relating to members of the financial services industry. Information about AFCA, and the types of disputes that it can consider, can be found at its website.

Changes to your circumstances

You need to tell us if your circumstances change in such a way that may require changes to the type of Protection, or that increase the risks that are relevant to your Protection.

Changes required to your Protection that occur during the Protection Period can be made by the Manager. If necessary, we will issue you with a new Protection Schedule or we may endorse your existing Protection Schedule with the new details. We will also determine if any additional Contributions must be paid by you.

INFORMATION ABOUT YOUR RIGHTS UNDER THE LAW

Your Vehicle comes with a Manufacturer Warranty and/or with a Statutory Warranty and is also subject to consumer guarantees under the Australian Consumer Law. In that respect:

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Any benefits that you may have under this Protection are in addition to other rights and remedies you have under any laws in relation to the goods or services to which this Protection relates, including any consumer guarantees under the Australian Consumer Law.

If you choose to purchase this Protection, you will be purchasing the benefits described in this document in accordance with the terms and conditions of the Protection

In some cases, this Protection may overlap with or differ from rights and remedies available to you by law including rights under the Australian Consumer Law. Any rights or remedies you may have under any laws will not be affected by purchasing this Protection.

This Protection provides you with benefits that are in addition to your rights and remedies under the Australian Consumer Law. In summary, these additional benefits include:

- 'Out of pocket' expenses – Payment of additional 'out of pocket' costs you may have relating to the Mechanical Breakdown of your Vehicle, including towing, car rental and accommodation.
- Repairer network throughout Australia – If you don't wish to have the repairs covered by this Protection undertaken by us, with our permission you can access your choice of Repairer, or a network of approved Repairers located in different places throughout Australia at your convenience.
- Certainty of Repairs – In a situation where a Manufacturer Warranty or Statutory warranty has expired or will expire shortly, whilst there may be some legal protection under the Australian Consumer Law, the exact length of the protection is unknown. This because it can depend on a range of factors which can include the age, cost and quality of the Vehicle, how the Vehicle is used, and the number of kilometres travelled. You may have to engage with the Manufacturer or the Dealer to enforce your legal rights and this could be a lengthy and/or expensive process. This Protection gives you peace of mind that your claim will be managed efficiently.
- Complaints and dispute handling process – An efficient complaints handling process if you are not satisfied in any way with this Protection, the quality of repairs or our service, we have an easy to follow process to help with your complaint. Please refer to the "Complaints" section in the PDS (Part 1) for more information.

the Component/Part, subject to the Protection Limit.

If a Component/Part requires replacement, the Repairer will replace them with components consistent with the age and condition of your Vehicle and those components will meet the Manufacturer's technical specifications and / or applicable Australian design rules.

Protection Limit

The maximum amount payable for any one claim under this Protection is \$5,000. Regardless of the number of claims made for any benefit under this Protection, the maximum amount payable for each and all claims combined under the Protection is limited to the Vehicle Purchase Price. The Protection Limit is calculated in the context of the repair costs (including GST) charged by the Repairer which is payable by us.

ADDITIONAL BENEFITS

Such costs and charges will be reimbursed upon the submission of receipts or invoices. The amounts mentioned in this Additional Benefit section are all inclusive of GST.

Please note: noise does not necessarily constitute a failure of a Component/Part or a Mechanical Breakdown event.

SERVICING

It is a condition of this Protection and your responsibility to have the Vehicle maintained in a roadworthy, mechanically sound condition and serviced regularly in accordance with the Manufacturer's recommendations. If you are unsure of these, please contact the Manufacturer to ascertain the recommended servicing schedule for your Vehicle. You are required to maintain the Service Records yourself and these must be retained by you each time the Vehicle is serviced. We will ask you to supply your Service Records when you make a claim.

Any defect or fault or any parts identified as needing repair or replacement or which are identified as a potential problem during servicing, including those identified while the Vehicle is still covered by a Statutory Warranty or Manufacturer Warranty, must be rectified as soon as reasonably practicable. Upon becoming aware of the development of any mechanical problem, you or any other person driving the Vehicle must take all reasonable steps to minimise any damage that might arise.

If the Mechanical Breakdown of a Component/Part was caused or contributed to directly as a consequence of you not having regular service and then dealing with problems identified by the Repairer, we may not pay the claim you make for repair of that Component/Part.

It is your responsibility to keep complete records of servicing. Before a claim will be authorised, we will require confirmation of the Service Records.

WHAT IS THE PROTECTION PERIOD

The Protection Period is the period beginning on the Protection Start Date and ending on the date the Protection ceases. Provided you have paid your Contribution for this Protection, you can make a claim under the Protection during the Protection Period subject to the terms and conditions set out in this Protection Wording.

The Commencement Date of your Protection

Your Protection Start Date will be the later of:

- The date that the Manufacturer Warranty expires; or
- The date that the Statutory Warranty expires.

If no Manufacturer Warranty or Statutory Warranty exists, your Protection Start Date will start on the date the Protection Schedule is first issued to you.

The end of your Protection

Your Protection will cease immediately :

- At midnight on the date that the Protection Period has lapsed from the Protection Start Date;
- When all claims made under this Protection reach the Protection Limit;

- The Vehicle is deemed a Total Loss or is repossessed by the Financier; or
- If the Protection is cancelled – see the “Cancellation” section below.

PAYING BY INSTALMENTS

PAY YOUR CONTRIBUTION BY INSTALMENTS

For more information on the cost of your Protection and how we calculate it, refer to the “Financial Information” section of the PDS (Part 1).

You can pay your Contribution by instalment payments to help spread your payment over time. If you would like to do this, you will need to ask at the time you purchase the Protection and sign a Direct Debit Request Service Agreement (DDRSA). If you make a claim which results in the termination of your Protection, we will deduct the instalment payments for the remaining Protection Period from any claim amount we pay.

OVERDUE INSTALMENTS

If you have elected to pay your Contribution by instalment payments and an instalment payment is overdue, we can do one or both of the following:

- Refuse to pay a claim if the instalment payment is 14 calendar days (or more) overdue; and/or
- Cancel your Protection if the instalment payment is 1 month (or more) overdue.

In the absence of an instalment payment being made, we will send you notice that your instalment has not been paid and advise you that we will cancel your Protection if the instalment remains unpaid 1 month after the instalment payment due date, without further notice to you.

If we cancel your Protection because an instalment payment is unpaid, your Protection will end on the date of cancellation (see the “Cancellation” section below for details).

If you are paying the Contribution by instalment payments, please refer to the DDRSA which sets out the terms and conditions applicable to your instalment payment arrangement.

CANCELLATION

CANCELLATION BY YOU

You may cancel your Protection at any time by contacting us via your Member Portal, by phone, email or mail. If you cancel your Protection, it will end on the date we receive your cancellation request, unless you inform us otherwise and we agree.

COOLING OFF PERIOD

Where you cancel your Protection within 21 days of the date of issue of the Protection Schedule and you have not and do not wish to lodge a claim relating to that period, we will refund your Contribution in full. This is a cooling off period.

CANCELLATION BY US

We may cancel your Protection, if permitted by law, if you:

- Make a misrepresentation to us when you purchase this Protection (for instance in relation to your eligibility for the Protection);
- Fail to tell us anything you should tell us when you apply for the Protection;
- Fail to comply with the terms and conditions in the Product Disclosure Statement and this document (including the obligation to pay your Contribution on time); or
- Make a fraudulent claim under this Protection or another product purchased from us.

ON CANCELLATION

If your Protection is cancelled either by you outside of your cooling off period or by us (except in the case of fraud), we will refund the portion of any Contribution you have paid for the period after the cancellation date.

If your Protection is cancelled and you are entitled to a refund, we will return the amount within 15 business days. An administration fee of \$20 will be payable, which we will deduct from the amount we refund to you.

If we have cancelled your Protection due to fraud, we will not pay any refund.

Where the cost of this Protection has been financed, we will pay any refund directly to the Financier unless the Financier otherwise authorises in writing the refund to be paid directly to you.

Where we have paid all amounts, we are obliged to pay under this Protection, we will cancel your Protection and we will not pay any refund.

TERMINATION

The Protection will terminate, and a refund of your Contribution may be payable (refer to the “Cancellation” section), if:

- You no longer reside in Australia;
- You cease to be a Member;
- The Vehicle is deemed a Total Loss or is repossessed by the Financier;
- The Protection is cancelled;
- The Protection Period expires; or
- We have paid the Protection Limit under this Protection.

No refund of your Contribution is available if we have paid out the Protection Limit under the Protection.

WHAT HAPPENS IF YOU PRIVATELY SELL YOUR VEHICLE?

If you privately sell your Vehicle, please contact us to cancel the Protection.

HOW TO MAKE A CLAIM

Please contact us via your Member Portal or by contacting us on the details at the front of this document as soon as something happens that you believe you can claim for.

You can ask us if your Protection protects you against a particular loss before you make a claim. When we answer your question, we will not discourage you from making a claim and we will tell you that if you make a claim, we will fully assess if your loss is protected.

If you make a claim, we will tell you:

- Our claims process,
- Any excess or waiting period applicable (if any apply), and
- How to contact us regarding your claim.

When we assess your claim, we will consider all relevant facts, the terms of the PDS and your Protection and the law.

We will regularly keep you informed of the progress of your claim and respond to your enquiries about your claim's progress promptly.

Important conditions relating to claims under this Protection

- Repairs must not commence unless authorised by us.
- You must ensure you take all reasonable steps to protect the Vehicle from further damage.
- If it is an emergency, contact us during ordinary business hours on the details at the front of this document for urgent authorisation. Failing this, please contact the roadside assistance provider or a towing provider for immediate assistance to tow the Vehicle to us or a Repairer, until authorisation can be provided.
- Make sure the Service Records for the Vehicle are up-to-date and you are ready provide them to us and the Repairer.
- You may be asked to contribute toward the repair costs if the repairs being performed will restore the Vehicle to a better condition than that immediately prior to the Mechanical Breakdown. In the event that the total cost of repairs or replacement costs for repairs exceed the Protection Limit, you must pay any additional costs. You hereby acknowledge that any additional costs must be paid directly to the Repairer who has undertaken the work and that the Repairer may exercise their rights under the Repairer's lien until those additional costs are paid. When settling a claim, we have the right to take Normal Wear & Tear into consideration.
- There may be some instances where repairs cannot be authorised until the Vehicle has been dismantled. In this case, we may need your authority to dismantle the Vehicle for diagnosis prior to commencing repairs. Should the problem be captured by the terms of this Protection, the repairs will be authorised. In the instance where the Component/Part

is not captured, you will be responsible for all costs associated with dismantling the Vehicle.

- Components and parts that we authorise the Repairer to use in repairing your Vehicle may be manufactured by a supplier which is not the Vehicle's Manufacturer but will be compatible with the age and condition of your Vehicle. In some cases, we may agree to using second hand parts/components that are in good working condition.

What do I do in relation to a claim?

If an event which may give rise to a claim under this Protection occurs, then you must:

1. Bring your Vehicle, this Protection Wording and the Protection Schedule to the Repairer; and
2. Provide your Vehicle's Service Records to the Repairer.

The Repairer will contact us and provide us with a diagnosis of the problem (see the "What you are not protected for" section), its cause and the estimated cost of parts and labour. You may be required to pay for such diagnosis if the claim is found to not be payable under this Protection. If the problem is within the terms of the Protection and we decide to approve your claim, we will supply an authorisation number and approval to commence repairs.

We will not pay for any expense associated with making a claim under this Protection that you incur. This means that you must pay the expense of making a claim (other than those costs expressly met under in this Protection).

Fraudulent claims

In the event of any fraudulent claim or in the event of any damage occurring as a result of a wilful act on your part or with your connivance, you will not be entitled to make a claim and we may, in our sole and absolute discretion, invalidate any claim and/or this Protection.

GST

Any amount we pay under this Protection includes GST.

If you are registered for GST, you are required to tell us your entitlement to any Input Tax Credits (ITC) on the Contribution you pay to us for this Protection. If you do not tell us your entitlement or if the information you give us is incorrect, we will not be liable for any resulting fines, penalties or charges you incur.

When we calculate the amount of any payment we make for a claim, we may reduce the amount by any ITC that you are, will be or would have been entitled to receive.
